

BANIYAS BALLROOM, GRAND HYATT DUBAI

The HIDI Group has provided MEP, ELV, IT, Security, AV and Lighting design and supervision consulting engineering services for the refurbishment and expansion of the Baniyas Ballroom at Grand Hyatt Dubai which increased its capacity to approx. 2250 pax. The project involved complete strip out of the existing ballroom, and its expansion which includes the largest convention center show kitchen in the UAE.

The state of the art AV systems, provided in conjunction with our associates EMD of USA, include two 4K resolution LED internal video walls, multiple LCD panel displays, screens and audio system. The lighting design not only provides high quality functionality, it is designed to complement the Interior Design by HBA and is fully programmable.
