

FOUR SEASONS RESORT & RESIDENCES CALISTOGA CALIFORNIA

The Four Seasons Calistoga consists of multiple buildings spread through a 980,100 ft² site which includes a lodge, 16 Villas with 85 hotel units, 20 single family residences and a large central pool facility, the resort revolves around the culture of Wine Country and has approximately 6 acres of reclaimed vineyards.

The HIDI Group is provided ELV low voltage design services for the Four Seasons Resort & Residences in Napa Valley, Calistoga, California. HIDI provided comprehensive Telecommunications, Network Integration (PBX, Network, Wi-Fi, IPTV, Cellular DAS, PTT Radio, Staff Communications and Guestroom Automation) and Security for this boutique romantic resort set in the middle of a working vineyard. HIDI also provided a Threat Risk and Vulnerability Assessment through our Security & Risk team. For more than 60 years the town has been famous throughout the state for its natural hot springs but also the purity of the local spring water. Challenges to overcome at the site included two seasons of nearby forest fires and also two seasons of flooding in the valley.

HIDI partnered with EMD provided Audiovisual and Acoustics services.
