

FOUR SEASONS EL TAMARINDO

The HIDI Group is providing ELV services and Security and Risk in partnership with ElectroMedia Design for the upcoming Four Seasons El Tamarindo Resort in Jalisco, Mexico. Located on 2,100 acres on the southern part of Tenacatita Bay, The new resort will offer 113 luxury rooms includes 25 Four Seasons Private Residences, a 2,000 ft² ballroom and pre-function space, 1200 ft² of meeting and boardroom spaces, a business centre, 10,000 ft² active family pool(s) with adjacent whirlpool; a toddler pool; 5 standard cabanas, and 90 chaise lounge seating, 6500 ft² adult passive pool with adjacent whirlpools; 2 super cabanas, 5 standard cabanas, and 90 chaise lounge seating, a spa with 8 treatment rooms, numerous restaurants and bars (including beach bar and grill), adolescent and kids activity areas (including outdoor water feature), and a sundry as well as boutiques.

Our Security & Risk division provided threat, risk, and vulnerability assessment for the construction and substantial renovation of the Four Seasons El Tamarindo Resort and Golf Club. The site which is located in a complex environment at the intersection of a highly fluid threat condition, a deep and colourful socio-economic history, and pristine wilderness, all situated in Mexico's highest environmental and geological risk zones. We are working with the owner to develop master planning, incident response, and risk reduction strategies that are agile and effective while remaining sensitive to the project's regional context.
