

PORTER AIRLINES – BACK OF HOUSE

The HIDI Group partnered with Figure3 to provide mechanical, electrical, plumbing and communications consulting services for Porter Airlines’ corporate head office located at the Billy Bishop Airport in Toronto.

The project consisted of 18,000 ft² split on two floors and involved a renovation to existing office and required the conversion of an existing arrivals terminal into office space. The completed project included reception areas, offices, meeting rooms, storage rooms, and equipment rooms and boasts the uses of unique lighting elements.
